Santa Barbara Foundation Announces over 50 Nonprofit Recipients of Multi-Year Grants

Grants support essential services – safe shelter, food, and behavioral health and health care for Santa Barbara County’s residents facing greatest need

(SANTA BARBARA, CA) – [Santa Barbara Foundation \(SBF\)](#) announces their valued nonprofit partners receiving multi-year community grants, which provide funding to nonprofits that work tirelessly to meet basic needs in Shelter and Safety, Food, and Behavioral Health and Health Care for those experiencing the greatest need in Santa Barbara County.

The grants, totaling \$2,530,000, will provide support for two years to more than 50 nonprofit organizations across all of Santa Barbara County.

“We are thrilled to announce the recipients of these multi-year grants, which will directly support local nonprofits in their efforts to make Santa Barbara County a safer, healthier place to live,” explained Jenny Kearns, SBF Senior Director of Grantmaking.

“This is the second round of grants that span two years that SBF has put into action since 2022. This frees our valued nonprofit partners to focus more time and energy on doing their critical work in the community, and less time applying for grants.”

Grants have been awarded through a rigorous partnership process of research, planning, and due diligence by committees of Foundation staff and subject matter experts from the community.
